congratulations

in Michigan

Albans

1867

My dear Doctor Hill-

My friend Mr Morgan with his father's family will be in Athens some time next winter. I remember so constantly how much your kindness added to the pleasure of my short visit that I cannot but desire for my friends, whom I know you will be glad to meet, the same advantage I enjoyed. I

take the liberty therefore of offer-  
ing them this note of introduc-  
tion & am glad of the oppor-  
tunity which it gives me of  
renewing my expressions of  
grateful regard to yourself &  
Mrs Hill - Is it not almost  
time for the promised visit  
to America?

Most faithfully Yours

Phillips Brooks
