It was my purpose to leave here to-morrow for Boston - but as all necessary arrangements have been made on behalf of the "old folks," and as my visit would necessarily be very hurried, leaving little space for doing that which I proposed to do in furtherance of our general work, have concluded that it will be better for me to go to-morrow to Albany where I can see the Boston who come together there for the primary Conventions of the Northern Diocese, and make arrangements for your services there and in Troy for Sunday the 13th of December.

Present my cordial regards to dear Mrs. Hill and believe me to be
