

Rd in Baltimore 10. And Same day

228 W. 40th St. New York

Monday Oct. 9th 1871.

Dear Dr. Hill

A letter from Mrs
Hunman just received (the first news
from Baltimore since you left New York)
states that Mrs Hill is in Baltimore.
Can this be possible? I think not
at all probable. Please let me know

At Mrs Welsh's suggestion I am
now going to pack up those articles
from Greece & send to Baltimore.

I have been expecting to hear in
reference to them, and shall
now be no time in forwarding them

I wish to make out a nice compact
list with some suggestions and
interesting facts.

Is Euphrasia from Noble family,
or simply from a distinguished
family? Is the Christian lady of

the Island of Zante, of Noble
family?

Walter reached home
Sunday Morning Oct 18th.

The first item of news he gave
me was the death of Mirimchaka.
It was a great shock to me
under the circumstances and called
forth many tears. I shall have
time to tell you about her.

I must write hurriedly now, as there
is no time to lose, and I go at once
to the Mission Rooms to do what is
necessary.

You will hear from me very
soon again. Mr Irving told me
yesterday in Church that he had
not heard from the screen. I hope
it is all right and already in
Baltimore.

Yours Most affectionately.

& with reverence

Mrs H. C. Hall
