Grand Hotel des Pines.

My dear Dr Wile.

I have at length arrived thus far, having passed through Megara, Corinth, Argamou, Argos and ~~Tyrant~~ Tyrgat; and finding this mode of travelling very agreeable as well as to me quite novel; having also every reason to be content with my Guide John, who is intelligent and unremitting in his attentions, I have concluded to prolong my journey a week, extending it as far as Mantinea. Hoping the best for the health of yourself, Mrs Wile Miss Baldwin and Mademoiselle, I am your much obliged friend, with all due respect,

Stephen Salisbury jr.
