

My dear Mr. Hill -

I am seizing a few minutes late at night on the eve of my departure for Malta to introduce to you my friend Mr. Theobald, who has spent some weeks here & is now proceeding further East. He is a near connection of my Mother Chaplain's: & should as this line is, I am sure that it

is all that is necessary
to secure for him that kind
attention & assistance for which
so many visitors to Athens are
indebted to you -

I take this opportunity
of enclosing a copy of my farewell
address to my people, in
which I think you may take
an interest. I will write more
freely from Malta: & with a

Thousand Thanks for your last
kind sympathizing letter
with best regards to Mr. Hill

Believe me

My dear Mr. Hill -

Very faithfully Yrs.
