My dear Brother Will,

Many thanks for your kind letter and the information contained in it as also for the kind reception you have given to our dear Mr. Flocke. I hope that he will receive good and beneficial impressions in your Society. It seems that you have not seen young Mr. Wilkinson

who went with his wife  
for a few days to Athens  
for the benefit of the latter  
they have lately lost their  
child which has given much  
distress to the bereaved

Mother. They resolved  
suddenly for this trip  
and I did not know of  
it, till I saw them on  
the steamer. Indeed I  
have written, left them 12

Mouths been obliged to  
open our Poochal ground  
five times, 2 young sheldons  
and 3 sailors - this is  
needed for Lyna.

I have nothing of im-  
portance to communicate  
we continue all in good  
health thank to our heavenly  
Father! You will be sur-  
prized to hear, that the  
construction of a carriage-  
road has the advantage

has now actually begun  
Lyon, it is true. is certainly  
improving though slowly.

With much love from  
all to all of you

I remain

Yours affectionately

F. H. Hildner
