The Reverend

John Bell

Atty Genl

Genl

Arundel Castle
Feb. 9. 1862.

My dear Mr. Hill

I received yesterday the
Photographs you have been
so kind as to send me.

I assure you they will be
most highly valued by
my Brother and myself as
proofs of your enduring
affection for our beloved
Father and as remembrances
of the friends and the
country endeared by so

many precious and
mournful recollections.

They are most beautifully
executed and of a very
pleasing size -

I was truly glad to hear
so good an account of
Mr. Ellis' health and
that he is still pursuing
his charitable and active
labours. Pray give her
my kindest regards.

May I ask you to tell
my dear old friend
Sir Michael Church

how happy I was to hear
he was well - I ought
to have written to him
long since - in answer
to a very kind and
sympathising letter which
I received from him -

Pray him with my
very affectionate remem-
brances to forgive my
silence - I was grieved
to hear what you mention
of the "History of the Greek Revolution".
I hope you will be
so kind as to remember
me to those friends who

remember one for my
Parents' sake - especially
Madame de Wenz and
Mr. & Mrs. Merlin. I could
not enumerate all my
Greek friends but they are
not forgotten. Still left are
the Members of your own
Family but I imagine
they are no longer with you.

Believe me, my dear
Mr. Hill with many
thanks for your valuable
present and kind recollection
Yours very sincerely
Gimnathorpe
