

To the Rev Mr. Hill.

En39

I have rec^d. no
letter whatever today from
Luzerne, or any other quarter
in the East. Mr. Nicolai-
des rec^d. one from Mr. Lewis,
but the date was very old,
about six weeks since,
I think - I told him, that
I had heard of such a report,
but did not believe it.

It is probable, that the
message, that you transmit
to Mr. L. will be the
first to convey to us the
sad intelligence.

Thurs. 6 P.M.

Rev. J. H. Hill.
