

En. 259

Copy Saturday noon 22nd Apr 1837

D^r Sir

The piece of ground we have been looking at appears to me to be more suitable than that already purchased - and the price you mention as demanded for it I do not think more reasonable

I have very little doubt that Mr W. B. whom I represent in this matter, would coincide in opinion with me.

If you should determine upon purchasing this or any other lot you will be so good as to let me know in order that I may inform Mr B that the Pittahie lot is for sale and at his disposition if he chooses to buy it. I observed by his letter that he authorizes me to take it for him but at present I prefer informing him first. & receiving his answer. I presume you will not think of selling it until his answer is recd.

I wish you very sincerely every success

to the further prosecution of their
design & remain as ever

Yrs truly

W Hill
