Athena

but of course the first spring
weather will be propitious to your
speedy recovery. Hoping you will
write to me as soon as you are
able to do so, and I shall be very
glad to hear dear Mr. [unclear] of
your being quite well again.
Perhaps you will have already
heard through our cousin that
we are now beginning to get our
way a little more closely, & that
we have very reason to hope
that by the autumn we shall be
able to see you again.

comfortably settled at Bamberg,
our King & Queen will pass the
winter with their different
relations in the country, & we have
closed up our minds to go
to some water-cure. Our
dear Mamma & Mamma have
promised us to be with
beginning of June. We shall
shall perhaps a few weeks altogether
in the country, when we go into the
country, Mamma will also I think
accompany us to Bamberg, as she
will gain to us that way.

will like to have some idea of
our future, have all the reports
be given for get the place are
most favourable, that I hope
we shall all like it. I need
not tell how delighted I am
at the prospect of seeing dear
Aunt. God grant that I may
not be disappointed again.
I suppose we can congratulate
you upon your having at last
got a home. The Greeks ought to
consider themselves fortunate at the
