Reverend Dear Sir

May I ask

leave to trespass upon your
kindness to do a favour
for a brother seaman.

I am beginning
the study of Neo-Hellenic
and I should be extremely
obliged to you if you would
procure for me a few
simple works in that
language - I am anxious

to know something of the
modern poetry and
theology of France if they
have any thing of either.
I suppose they have not
few treatises upon
theological matters. Could
you manage to forward
to me regularly a newspaper
in Greek. I should be

yet I hope some degree, and
we are preparing for the
coming winter in case of
necessity. I think a parcel
sent by the French packet
to St. Aubert would reach
me safely.

I am Dear Sir

very faithfully Yours
